Errata

1. The endnotes for Appendix B were inadvertently omitted from the manual and are available separately.
2. Timing of decisions for inland wetlands and watercourses agencies:
The timing for rendering decisions is correctly described in the text. However, Appendix A (page 231, Step 7.h) and Appendix B (page 239, rightmost column for “Deadline for Making the Decision”) require correction. Both appendices should indicate that the agency’s decision on any application for a regulated activity must be made within 35 days after the completion of a public hearing or, if no public hearing is to be held, within 65 days after the official “date of receipt” of the application, as defined by CGS § 8-7d.
